BOARD OPERATION GOALS

The primary responsibility of the Board is to establish purposes, programs and procedures which produce the educational achievement needed by District students. The Board must accomplish this while also being responsible for wise management of resources available to the District. The Board must fulfill these responsibilities by functioning primarily as a legislative body to formulate and adopt policy, by selecting an executive officer to implement policy and by evaluating the results; further, it must carry out its functions openly, while seeking the involvement and contributions of the public, students and staff in its decision-making processes.

In accordance with these principles, the Board seeks to achieve the following goals to:

1. concentrate the Board's collective effort on its policy-making and planning responsibilities;
2. formulate Board policies which best serve the educational interests of each student;
3. provide the Superintendent with sufficient and adequate guidelines for implementing Board policies;
4. maintain effective communication with the school community, the staff and the students in order to maintain awareness of attitudes, opinions, desires and ideas;
5. allow those responsible for carrying out objectives to contribute to their formation;
6. conduct Board business openly, soliciting and encouraging broad-based involvement in the decision-making process by the public, students and staff and
7. periodically review its performance relative to the goals.

SCHOOL BOARD LEGAL STATUS

The General Assembly has delegated responsibility for the conduct of public schools in each school district to a local board of education. Boards are political subdivisions of the state of Ohio and members of a board are officials elected by the citizens of a district to represent them in the management of the public schools.

Legally, a board is a body politic and corporate, capable of suing and being sued; contracting and being contracted with; acquiring, holding, possessing and disposing of real and personal property; and taking and holding in trust for use of a district any grant or gift of land, money or other personal property.

The Board of the Grandview Heights City School District is composed of five members elected by the citizens of the District. A regular term is four years.

SCHOOL BOARD POWERS AND DUTIES

Under the laws of the state of Ohio, the Board acts as the governing body of the public schools. Within the extent of its legal powers, the Board has responsibilities for operating the District in accordance with the desires of local citizens who elect its members.

The Board's major responsibilities are to:

1. select and employ a Superintendent;
2. select and employ a Treasurer;
3. determine and approve the annual budget and appropriations;
4. provide needed facilities;
5. provide for the funds necessary to finance the operation of the District;
6. consider and approve or reject the recommendations of the Superintendent in all matters of policy, appointment or dismissal of employees, salary schedules, courses of study, selection of textbooks and other matters pertaining to the operation of the District;
7. require reports of the Superintendent concerning the conditions, efficiency and needs of the District;
8. evaluate the effectiveness with which the District is achieving the educational purposes of the Board;

BOARD MEMBER AUTHORITY
(And Duties)

Because all powers of the Board lie in its action as a group, individual members exercise their authority over District affairs only as they vote to take action at a legal meeting of the Board.

An individual Board member acts on behalf of the Board only when, by vote, the Board has delegated authority to him/her.

It is the duty of the individual members of the Board to attend all legally called meetings of the Board, except for compelling reasons to the contrary, to participate in normal Board business operations and represent all citizens' interests in matters affecting education.

No member of the Board is denied documents or access to information to which he/she is legally entitled or that is required in the performance of his/her duties as a Board member.

SCHOOL BOARD ELECTIONS

Members of the Board are elected at large by the qualified voters of the District on a nonpartisan ballot on the first Tuesday following the first Monday in November in odd-numbered years.

Each Board member is elected to a four-year term of office which begins on the first day of January after the election. Terms expire on December 31, except as otherwise provided by law. In a four-year period, terms are staggered so that two members are elected in one-half of the four-year period, and three elected in the other half.

Candidates for election are nominated by petition. In city school districts in which the population is less than 20,000, the petition must be signed by 25 qualified electors of the district.

BOARD MEMBER QUALIFICATIONS

Under State law, a board member must be an elector residing in a particular district. To qualify as an elector, a person must be a citizen of the United States, 18 years of age or older, a resident of the state for at least 30 days prior to the election and a resident of the county and precinct in which he/she offers to vote for at least 30 days prior to the election.

A variety of other public positions, elected and appointed, have been determined by the General Assembly or the courts to be incompatible with board membership. Generally, offices are considered incompatible when one is subordinate to, or in any way provides a check upon the other or when it is physically impossible for one person to discharge the duties of both positions.

Before taking office, each person elected or appointed to a board is required by law to take an oath of office.

UNEXPIRED TERM FULFILLMENT
(Board Vacancy)

A vacancy on the Board may be caused by:

1. death;
2. nonresidence;
3. resignation;
4. removal from office;
5. failure of a person elected or appointed to qualify within 10 days after the organization of the Board or of his/her appointment or election;
6. relocation beyond District boundaries or
7. absence from Board meetings for a period of 90 days, if the reasons for the absence are declared insufficient by a two-thirds vote of the remaining Board members. (The vote must be taken not sooner than 30 days after the 90-day period of absence.)

Any such vacancy will be filled by the Board at its next regular or special meeting not sooner than 10 days nor later than 30 days after the vacancy occurs. Applicants submit notice of their interest to the Treasurer and may be interviewed by the Board. A majority vote of all the remaining members of the Board is required to fill the vacancy.

Each person selected to fill a vacancy holds office:

1. until the completion of the unexpired term or
2. until the first day of January immediately following the next regular Board election taking place more than 90 days after a person is selected to fill the vacancy. (At that election, a special election to fill the vacancy is held. No such special election is held if the unexpired term ends on or before the first day of January immediately following that regular Board election. The term of a person elected in this manner begins on the first day of January following the election and is for the remainder of the unexpired term.)

The shorter of the above options determines the length of office.

BOARD MEMBER CODE OF ETHICS

The Board believes public education should be conducted in an ethical manner. In addition to State law, the conduct of Board members should conform to the code of ethics recommended by the Ohio School Boards Association, which includes the following.

It is unethical for a board member to:

1. seek special privileges for personal gain;
2. personally assume unauthorized authority;
3. criticize employees publicly;
4. disclose confidential information;
5. place the interest of one group or community above the interest of the entire District;
6. withhold facts from the Superintendent, particularly about the incompetency of an employee or
7. announce future action before a proposition has been discussed by the Board.

BOARD MEMBER CODE OF ETHICS

While serving as a member of my Board of Education, I accept the responsibility to improve public education. To that end I will:

remember that my first and greatest concern must be the educational welfare of all students attending the public schools;

obey the laws of Ohio and the United States;

respect the confidentiality of privileged information;

recognize that as an individual Board member I have no authority to speak or act for the Board;

work with other members to establish effective Board policies;

delegate authority for the administration of the schools to the Superintendent and staff;

encourage ongoing communications among Board members, the Board, students, staff and the community;

render all decisions based on the available facts and my independent judgment rather than succumbing to the influence of individuals or special interest groups;

make efforts to attend all Board meetings;

become informed concerning the issues to be considered at each meeting;

improve my boardmanship by studying educational issues and by participating in in-service programs;

support the employment of staff members based on qualifications and not as a result of influence;

cooperate with other Board members and administrators to establish a system of regular and impartial evaluations of all staff;

avoid conflicts of interest or the appearance thereof;

refrain from using my Board position for benefit of myself, family members or business associates and

express my personal opinions, but, once the Board has acted, accept the will of the majority.

NOTE: This Code of Ethics has been adopted by the Ohio School Boards Association Delegate Assembly.

BOARD MEMBER CONFLICT OF INTEREST

The Board and individual members follow the letter and spirit of the law regarding conflicts of interest.

A Board member will not have any direct or indirect pecuniary interest in a contract with the District; will not furnish for remuneration any labor, equipment or supplies to the District; nor be employed by the Board in any capacity for compensation.

A Board member may have a private interest in a contract with the Board if all of the following apply:

1. the subject of the public contract is necessary supplies or services for the District;
2. the supplies or services are unobtainable elsewhere for the same or lower cost, or are being furnished to the District as part of a continuing course of dealing established prior to the Board member's becoming associated with the school district;
3. the treatment accorded the District is either preferential to or the same as that accorded other customers or clients in similar transactions and
4. the entire transaction is conducted at arm's length, with full knowledge by the Board of the interest of the Board member, member of his/her family, or his/her business associate, and the Board member takes no part in the deliberations or decision with respect to the public contract.

The law specifically forbids:

1. the Prosecuting Attorney or a city attorney from serving on a board;
2. a member from serving as the school dentist, physician or nurse;
3. a member from being employed for compensation by a board;
4. a member from having, directly or indirectly, any pecuniary interest in any contract with a board;
5. a member from voting on a contract with a person as a teacher or instructor if he/she is related to that person as father, mother, brother or sister (this Board also forbids Board members from voting on a contract with a person as a teacher or instructor if he/she is related to that person as spouse);

6. a member from authorizing, or employing the authority or influence of his/her office to secure authorization of, any public contract in which he/she, a member of his/her family or his/her business associates have an interest;
7. a member from having an interest in the profits or benefits of a public contract entered into by, or for the use of, the District and
8. a member from occupying any position of profit during his/her term of office or within one year thereafter in the prosecution of a public contract authorized by him/her or a board of which he/she was a member at the time of authorization of that contract.

The evaluation of the Treasurer's abilities and performance is written and made available to and discussed with the Treasurer in conference. The Board may consider the evaluation of the Treasurer in acting to renew or nonrenew his/her contract.

Evaluation criteria are reviewed as necessary or as requested by the Treasurer, but not less frequently than annually. Any proposed revision of the evaluation criteria is provided to the Treasurer for his/her comments before its adoption.

EVALUATION OF THE TREASURER

The Treasurer is evaluated annually. The criteria for evaluation includes:

1. a description of the Treasurer's responsibilities and necessary skills;
2. objectives for the school year (agreed upon annually by the Board and the Treasurer) and
3. the financial goals of the District.

The Board and the Treasurer determine the method by which the evaluation is conducted at the outset of the evaluation. Such methods may include:

1. the Treasurer's self-evaluation;
2. evaluation by each Board member;
3. evaluation interviews between the Board and the Treasurer and
4. the Treasurer's assessment of Board efficiency and effectiveness.

At the end of the evaluation, the Board clearly identifies the Treasurer's strengths, weaknesses and strategies to remediate weaknesses and advance the District towards its financial goals. A conference is held with the Treasurer to discuss the evaluation and afford the Treasurer opportunity to comment.

The evaluation may be used in salary considerations and must be used in contract renewal considerations and to redefine responsibilities, goals and objectives. Plans for professional growth and development are created when necessary.

(Approval date: December 22, 2009)

TREASURER'S CONTRACT

The appointment of the Treasurer is secured through a written agreement stating the terms of the contract. The contract meets all state requirements and protects the rights of both the Board and the Treasurer.

The Treasurer is appointed for a term not to exceed five years. The initial contract can be for not less than one year or more than five years. The term commences on August 1 and continues through July 31 of the year in which the contract expires.

Salary and benefits are determined by the Board at the time of the appointment and may be reviewed by the Board each year. The Treasurer's salary may be increased or decreased during his/her term of office. However, any decrease must be a part of "a uniform plan" affecting salaries of all District employees.

The termination procedures that currently apply to teachers and other administrators, requiring a due process hearing, now apply to the Treasurer.

If the Board intends to nonrenew the Treasurer's contract, notice in writing of the intended nonrenewal must be given to the Treasurer on or before March 1 of the year in which the contract expires.

The Board may permit an individual who does not hold a valid treasurer's license to serve as District Treasurer as long as the individual meets the qualifications for licensure and has applied for a license but has not yet received the State Board of Education's decision.

Nothing in this policy shall prevent the Board from making the final determination regarding the renewal or nonrenewal of the Treasurer's contract.

EXECUTIVE SESSIONS

Educational matters should be discussed and decisions made at public meetings of the Board (in accordance with the rationale for the creation of public governing bodies). Some matters are more properly discussed by the Board in executive session. As permitted by law, such matters may involve:

1. the appointment, employment, dismissal, discipline, promotion, demotion or compensation of an employee, official or student or the investigation of charges or complaints against such individual, unless an employee, official or student requests a public hearing (the Board will not hold an executive session for the discipline of one of its members for conduct related to the performance of his/her official duties or for his/her removal from office);
2. the purchase of property for public purposes or for the sale of property at competitive bidding, if premature disclosure of information would give an unfair advantage to a person whose personal, private interest is adverse to the general public interest;
3. specialized details of security arrangements where disclosure of the matters discussed might reveal information that could be used for the purpose of committing, or avoiding prosecution for, a violation of the law;
4. matters required to be kept confidential by State statutes or Federal law;
5. preparing for, conducting or reviewing negotiations with public employees concerning their compensation or other terms and conditions of their employment or
6. in-person conferences with an attorney for the Board concerning disputes involving the Board that are the subject of pending or imminent court action.

Conferences with a member of the office of the State Auditor or an appointed certified public accountant for the purpose of an audit are not considered meetings subject to the Sunshine Law.

The Board meets in executive session only to discuss legally authorized matters. Executive sessions are held only as part of a regular or special meeting and only after a majority of the quorum determines, by a roll-call vote, to hold such a session.

When the Board holds an executive session for any of the reasons stated above, the motion and vote to hold the executive session shall state one or more of the purposes listed under such paragraph for which the executive session is to be held, but need not include the name of any person to be considered in the executive session. The minutes shall reflect the information described above.

In compliance with law, no official action may be taken in executive session. To take final action on any matter discussed, the Board reconvenes into public session.

The Board may invite staff members or others to attend executive sessions at its discretion.

Board members shall not disclose or use, without appropriate authorization, any information acquired in the course of official duties (which is confidential because of statutory provisions) or which has been clearly designated as confidential because of the status of proceedings or the circumstances under which the information was received.

AGENDA PREPARATION AND DISSEMINATION

The Superintendent, in consultation with the Board President, arranges the order of items on meeting agendas so that the Board can accomplish its business as expeditiously as possible. The particular order may vary from meeting to meeting in keeping with the business at hand. Consent agendas are allowed with a unanimous Board resolution.

Items of business may be suggested by a Board member, staff member or citizen of the District. The agenda may allow suitable time for remarks by the public who wish to speak briefly before the Board.

The Board follows the order of business established by the agenda, except as it may vote to rearrange the order for the convenience of visitors or other individuals appearing before the Board or to expedite Board business. An item of business which is not on the agenda may be discussed and acted upon if a majority of the Board agrees to consider the item. The Board, however, should not revise Board policies, or adopt new ones, unless such action has been scheduled.

The agenda, together with supporting materials, is distributed to Board members at least 48 hours prior to the Board meeting to permit them to give items of business careful consideration. The agenda is also made available to the press, representatives of the community, staff groups and others upon request.

Consent Agenda

In order to use time within the Board meetings more efficiently, the Board may use a consent agenda, whenever appropriate. Items placed on the consent agenda are routine in nature and typically appear on the Board's agenda every month. Board minutes and monthly expenses are two examples of what may be considered consent agenda items.

When the consent agenda is presented to the Board for action, the Board President provides the opportunity for any member of the Board or the Superintendent to request a discussion or removal of any items on the agenda. Items removed are placed on the regular agenda or tabled. Remaining items on the consent agenda are then voted on by a single motion.

The following actions require a roll-call vote and an affirmative vote by a majority of the full membership of the Board for passage:

1. purchase or sale of real or personal property;
2. employment of any school employee;
3. election or appointment of an officer;
4. payment of any debt or claim and
5. adoption of any textbook.

For passage, most other actions require an affirmative vote by a majority of those present and voting. Board members must be physically present at the meeting in order to vote.

PUBLIC PARTICIPATION AT BOARD MEETINGS

The Board recognizes the value to school governance of public comment on educational issues and the importance of allowing members of the public to express themselves on school matters of community interest.

In order to permit the fair and orderly expression of such comment, the Board shall provide for public participation at those public meetings of the Board during which official action may be taken.

The presiding officer of each Board meeting during which public participation occurs shall be responsible for implementing this policy.

When such presiding officer's ruling is disputed, it may be overruled by a majority of those board members present and voting.

The Board shall receive the benefit of public participation in conformance with the following rules:

1. The presiding officer shall determine if a public participant's comments would be more beneficial to the Board during the designated period at the beginning of the meeting or immediately prior to Board discussion of a particular agenda item.
2. Each public participant shall be limited to five minutes of aggregate speaking time per meeting, unless the presiding officers determines that a shorter or longer duration is warranted because of special circumstances. If a public participant wishes to provide input on multiple topics or agenda items, such comments will be more beneficial to the Board during the designated period at the beginning of the meeting.
3. All statements and questions shall be directed to the Board. Public participants are not to mention students and staff members by name.
4. Tape or video recordings are permitted, providing the person operating the recorders has received approval from the presiding officer prior to the Board meeting and agrees to the following conditions:
 - A. no obstructions are created between the Board and the audience;
 - B. no interviews are conducted in the meeting room while the Board is in session and

- C. no commentary, adjustment of equipment, or positioning of operators is made that would distract either the Board members or members of the audience while the Board is in session.
5. The presiding officer may:
- A. interrupt, warn or terminate a participant's statement when the statement is abusive, obscene, irrelevant to school board issues or too lengthy;
 - B. order any individual to leave the meeting who fails to observe reasonable decorum;
 - C. request the assistance of law enforcement officers in the removal of a disorderly person whose conduct interferes with the orderly progress of the meeting and
 - D. call for recess of adjournment to another time when the lack of public decorum prevents the orderly conduct of the meeting.
6. The Superintendent is directed to develop a method of public distribution of this policy.

2. Persons operating cameras, broadcasting and/or recording devices must do so with a minimum of disruption to those present at the meeting. Specifically, the view between Board members and the audience must not be obstructed, interviews must not be conducted during the meeting and no commentary is to be given in a manner that distracts Board members or the audience.

BOARD POLICY DEVELOPMENT AND ADOPTION

Proposals regarding Board policies and operations may originate at any of several sources, including students, community residents, employees, Board members, the Superintendent, consultants or civic groups. A careful and orderly process is used when examining policy proposals prior to Board action.

The formulation and adoption of written policies constitute the basic method by which the Board exercises its leadership in the operation of the District. The study and evaluation of reports concerning the execution of its written policies constitute the basic method by which the Board exercises its control over District operations.

The formal adoption of policies is recorded in the minutes of the Board. Only those written statements so adopted and recorded are regarded as official Board policy.

Final action on proposals, whatever their sources, is by the Board in accordance with this policy. The Board takes action on most matters on the basis of recommendations presented by the Superintendent. The Superintendent bases his/her recommendations upon the results of a study and upon the judgment of the staff and study committees.

Policies introduced and recommended to the Board should not be adopted until a subsequent meeting in order to permit further study and provide opportunity for interested parties to react. However, temporary approval may be granted by the Board in lieu of formal adoption to address emergency conditions or special events which may occur before formal action can be taken.

Unless otherwise specified, a new policy or policy amendment is effective as of the date of adoption by the Board and supersedes all previous policies in that area. Unless otherwise specified, the repeal of a policy is effective as of the date the Board takes such action.

BOARD REVIEW OF REGULATIONS

State law requires the Board to make “rules and regulations” for the government of the District, its employees, students and all other persons entering the District’s grounds and premises. This includes Board regulations as well as administrative guidelines.

Regulations and guidelines are properly titled and coded as appropriate to subject and in conformance with the codification system selected by the Board. Those officially approved by the Board are so marked.

The Board may review guidelines and regulations developed by the administration to implement policy. The Board revises or nullifies these guidelines only when they are inconsistent with policies adopted by the Board or when they are not in the best interest of the District.

POLICY REVIEW AND EVALUATION

The Board reviews its policies on a continuing basis in an effort to keep its written policies consistent with community values and compliant with Federal and State law. Well-written, consistent and compliant policies may be used as a basis for Board action and administrative decisions.

The Board evaluates how the policies have been executed by the staff and weighs the results. It relies on staff, students and the community for providing evidence of the effect of the policies which it has adopted.

The Superintendent has the continuing responsibility of calling to the Board's attention all policies that are outdated or for other reasons appear to need revision. To accomplish this, the Superintendent may request input from any Board or advisory committee.

BOARD-STAFF COMMUNICATIONS

The Board wishes to maintain open channels of communication with the staff. The basic line of communication is through the Superintendent. Staff members should utilize the Superintendent to communicate to the Board or its subcommittees.

Accordingly, all official communications, policies and directives of staff interest and concern are communicated to staff members through the Superintendent. The Superintendent develops appropriate methods to keep staff members informed of the Board's issues, concerns and actions.

Informal discussions about educational trends, issues and innovations are expected between the Board and District staff. Conversations regarding specific issues that warrant, or could warrant, official Board action are discouraged. (This does not include mandated reporting.)

Board members must recognize that their presence in school buildings could be subject to a variety of interpretations by school employees. If a visit to a school or classroom is being made for other than general interest, Board members shall inform the Superintendent and make arrangements for a visitation through the principal of the particular school. General interest visits are defined as informal expressions of interest in school affairs and not as inspections or visits for supervisory or administrative purposes. Board members will indicate to the principal the reason(s) for the visit. Official visits by Board members are carried out only under Board authorization.

2. a copy of the Board policy manual;
3. a copy of each current negotiated agreement;
4. a current budget statement, audit report and related fiscal materials and
5. a copy of the District's Annual Progress Report.

The Board, Treasurer and the administrative staff assist each member-elect in understanding the Board's functions, policies and procedures before the member-elect takes office.

SCHOOL BOARD CONFERENCES, CONVENTIONS AND WORKSHOPS

In keeping with the need for continuing in-service training and development for its members, the Board encourages the participation of all members at appropriate conferences, workshops and conventions. In order to control both the investment of time and funds necessary to implement this policy, the Board establishes these principles and procedures for its guidance.

1. The Board periodically decides which meetings appear to be most promising in terms of producing direct and indirect benefits to the District. At least annually, the Board will identify those new ideas or procedures and/or cost benefits which can be derived from participation at such meetings.
2. Funds for participation at such meetings are appropriated annually in the Board service fund. When funds are limited, the Board designates which of its members participate in a given meeting.
3. Reimbursement to Board members for their travel expenses is in accordance with the Board's travel-expense policy.
4. When a conference, convention or workshop is not attended by the full Board, those who do participate are requested to share information, recommendations and materials acquired at the meeting.

BOARD MEMBER COMPENSATION AND EXPENSES

The Board votes prior to January 1 to set the rate of compensation for newly elected or re-elected Board members. Because compensation for Board members may not be changed during their terms of office, changes in compensation must be made prior to the beginning of their respective terms.

Board members receive the maximum amount permitted by law as approved by the Board.

Board Service Fund

A Board “service fund” is established to pay expenses actually incurred by Board members or members-elect in their official duties. The sum set aside will not exceed the maximum amount permitted by law. This fund is used at the Board’s discretion to provide for members’ participation (not compensation) in workshops and conferences, for new Board member orientation and training and for other expenses in connection with assigned duties as permitted by law, including those made for a public purpose as defined below.

Spending Guidelines: Definition of Public Purpose

The Board recognizes that expenditure of funds within the District must fall within the scope of serving a public purpose as defined by State law. It is the Board’s determination that the following expenditures are a necessary part of the effective function of the extracurricular and cocurricular programs concerned, once reviewed and approved by the Superintendent.

1. awards
2. recognition and incentive items for employees and/or volunteers
3. prizes/awards/programs for students through student activity funds

The Superintendent, at the discretion of the Board, is permitted to honor employees and nonemployees with plaques, pins and other tokens of appreciation to include meals, refreshments or other amenities which further the interest of the District.

The Board affirms that the expenses incurred as listed above do serve public purposes which include the promotion of education by encouraging staff morale as well as support for the District’s educational program with citizens, members of the business community, advisory committee members and associated school districts. Expenditures are subject to approval by the Superintendent.

Vendor Compensation

Any compensation paid by a private vendor to a District official or employee, after the official or employee has participated in selecting the vendor, is considered “public money” and must be returned to the District.
